

HRD Ground Rod Driver

Drive Rods Faster

When the soil is hard or rocky, or when you need to stack the rods, nothing drives faster or easier than the new Fairmont® HRD ground rod drivers. Compared to the drivers they replace, they are even faster, but lighter in weight.

The drivers are available either with a 5/8" (16 mm) or 1" (25 mm) opening for rods. Both models feature dual guide handles for good control and a lifting eye for use with a hoist.

The drivers can be powered from most utility trucks with hydraulic circuits or by a separate hydraulic power unit. And, both drivers are equipped with a remote on/off valve that provides for excellent control of the driver.

So if you're looking for a lightweight ground rod driver to get through rocky soil easily, you need the new Fairmont HRD Ground Rod Driver.

PRODUCT FEATURES

- **A deep rod opening** and smooth operation ensures that the driver will not jump off of rods.
- **Light weight** allows easy mounting on top of rods.
- **Can be used** with open- and closed-center hydraulic systems.
- **Dual guide rods** provide excellent control for driving rods straight, and the remote on/off valve make it easy to control the depth of the rod.

SPECIFICATIONS

Hydraulic System Open- and closed-center.

Weight-power unit only 45 lbs (20.5 kg).

Weight w/hoses and control valve 53 lbs (24.0 kg).

Length 25 1/2" (654 mm)

Flow Range 5-8 gpm (18-30 lpm).

Blows/minute @ 8 gpm (30 lpm) 1740

Maximum Input Pressure 2000 psi (138 bar).

Hose Length 70" (178 cm).

On/off valve pressure port 9/16-18 SAE O-Ring boss.

ORDERING INFORMATION

CAT. NO.	UPC NO.	DESCRIPTION	QUANTITY
HRD-58	11192	Ground Rod Driver 5/8" (16 mm) opening	1
HRD-1	11193	Ground Rod Driver 1" (25 mm) opening	1

RECOMMENDED FITTINGS

CAT. NO.	UPC NO.	DESCRIPTION
54923	54923	HTMA Male Coupler
54924	54924	HTMA Female Coupler
