## Fairmont®

Pocket For EK425 With  
Crimping Head Attached.

Durable, Easy To Clean  
Vinyl Material

Pocket For Battery  
Charger, Extra Battery,  
And Crimping Dies.

## EK425 Pouch

We will soon begin shipping EK425 tools in the pouch pictured left. This new pouch replaces the current carrying case. This is a running change and may occur at different dates for the different versions of the EK425. There is no price change with the change to the pouch.

### Advantages of this pouch are:

- More durable than the carrying case.
- Can be hung inside a bucket using the bucket hook holes.
- Velcro® closures keep the tool clean and dry.
- Crimping jaws do not need to be removed when storing the tool.

*The pouch will be available as a separate item for customers who have EK425's with the carrying case. Ordering information for the pouch is shown below:*

CAT. NO.	UPC	DESCRIPTION	LIST PRICE
CP1	22041	Carrying Pouch - EK425	\$85.00 US \$108.00 CAD
